Midas Gold reports that Vista Gold has reduced its Shareholdings to 5.5%

Vista Gold enters into a six month Lock-up Agreement for its remaining Midas Gold Shares

VANCOUVER, BRITISH COLUMBIA – Midas Gold Corp. (TSX:MAX / OTCQX:MDRPF) reports that it has been notified by Vista Gold Corp. (“Vista”) that Vista has completed the sale of 8.0 million shares of Midas Gold Corp. (“Midas Gold”) held by Vista and/or its subsidiaries to certain arm's-length parties at a price of C\$0.46 per share. This transaction has reduced Vista’s shareholdings in Midas Gold from 15,802,615 shares (representing 11.2% of Midas Gold’s currently issued shares) to 7,802,615 shares (representing 5.5% of Midas Gold’s currently issued shares). As a result of this sale and the consequential change of ownership, Vista is no longer a reporting insider of Midas Gold. Midas Gold understands that all of the 8.0 million shares were fully placed with institutional and other investors on February 25, 2015, with settlement occurring on March 13, 2015. As a condition of the sale of the shares, Midas Gold understands that Vista has agreed not to sell any of its remaining shares in Midas Gold for a period of six months from closing.

“We are pleased to see eight million shares previously owned by Vista Gold placed more broadly,” said Stephen Quin, President & CEO of Midas Gold. “We appreciate the vote of confidence from our new shareholders and look forward to continuing to advance the exploration and evaluation of our Stibnite Gold Project.”

Midas Gold currently has 141,705,090 shares issued and outstanding; the completion of this transaction does not affect the number of shares issued and outstanding.
