MANAGEMENT INFORMATION PROXY CIRCULAR

Midas Gold Corp. (the "Company", the "Corporation" or "Midas Gold") is providing this Management Information Proxy Circular (the "Information Circular") and a form of proxy in connection with management's solicitation of proxies for use at the Annual General Meeting (the "Meeting") of the Company to be held on May 14, 2020 and at any postponement(s) or adjournment(s) thereof. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The cost of solicitation by management will be borne by the Company.

The information contained herein is given as of March 30, 2020, unless otherwise stated.

All dollar amounts in this Information Circular are expressed in Canadian dollars unless otherwise indicated.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or members of the board of directors (the "Directors" or the "Board") of the Company (the "Management Proxyholders").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Common shares of the Company ("Common Shares") represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services, Proxy Department, 3rd Floor, 510 Burrard Street, Vancouver, BC V6C 3B9, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournments thereof, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NOTICE-AND-ACCESS

The Company is sending this Information Circular to registered and non-registered (beneficial) shareholders using "notice-and-access" as defined under NI 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101").

The Company is not using procedures known as "stratification" with its use of notice-and-access in relation to the Meeting. Stratification occurs when a reporting issuer using notice-and-access provides a paper copy of the relevant information circular to some, but not all, shareholders with the notice package in relation to the relevant meeting.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of Common Shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the Common Shares they own are not registered in their name but instead are registered in the name of a nominee such as a brokerage firm through which they purchased the Common Shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFFs, RESPs and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (each a "Nominee"). If you purchased your Common Shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Common Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Common Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. If you wish to vote at the Meeting in person, do not complete the voting section of the form as your vote will be taken at the Meeting.

NON-OBJECTING BENEFICIAL HOLDERS

These securityholder materials are being sent to both registered and non-registered owners of the Common Shares. The Company is sending the proxy-related materials for the Meeting directly to "non-objecting beneficial owners" ("NOBOs"), as defined under NI 54-101. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your NOBO holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee(s) holding on your behalf. By choosing to send these materials to NOBOs directly, the Company (and not the Nominees holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

OBJECTING BENEFICIAL HOLDERS

The Company does not intend to pay for Nominees to deliver to "objecting beneficial owners ("OBOs"), as defined under NI 54-101, the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*. As a result, OBOs will not receive the Meeting materials unless their respective Nominee assumes the costs of delivery.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof,

or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered holders who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their respective Nominees to revoke the proxy on their behalf.**

INSTRUCTIONS ATTENDING AND VOTING AT THE VIRTUAL MEETING

The Meeting will be hosted online by way of a live webcast and in the Company's Boardroom at 890-999 West Hastings Street, Vancouver, BC. Additional detail regarding each of the matters to be acted upon at the Meeting is set forth below.

ELECTION OF DIRECTORS

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

Shareholder approval will be sought to fix the number of Directors of the Company at eight (8).

Majority Voting for the Election of Directors

The Board has adopted a majority voting policy (the "Majority Voting Policy") which requires, in an election of directors, other than at a Contested Meeting (as defined below), any Director who receives a greater number of shares withheld than shares voted in favour of his or her election must immediately tender his or her resignation (the "Resignation") to the Board. The Corporate Governance and Nominating Committee of the Company will then review the matter and make a recommendation to the Board. In considering the Resignation, the Corporate Governance and Nominating Committee and the Board shall consider all factors they deem relevant. The Board shall determine whether or not to accept the Resignation within 90 days after the date of the relevant shareholders' meeting. The Board shall accept the Resignation absent exceptional circumstances. The Resignation will be effective when accepted by the Board. The Director tendering the Resignation will not participate in any Board or Corporate Governance and Nominating Committee meeting at which the Resignation is considered. The Company shall promptly issue a news release with the Board's decision and send a copy of the news release to the TSX. If the Resignation is not accepted, the news release shall fully state the reasons for that decision.

Under the Majority Voting Policy, a "Contested Meeting" is a meeting at which the number of Directors nominated for election is greater than the number of seats available on the Board.

Management of the Company proposes to nominate each of the following persons for election as a Director, each of which such person is currently a Director. The following tables provide information on the eight nominees proposed for election as Directors, including the province (or state) and country in which each is ordinarily resident, and the period or periods during which each has served as a Director. Also included in these

tables is information relating to the nominees' membership on committees of the Board, other public board memberships held in the past five years, and Board and committee meeting attendance in relation to the Company for the 12 months ended December 31, 2019. During 2019, the Board held a total of 29 board and standing committee meetings. In addition to the attendance listed below, Directors from time to time attend other committee meetings by invitation. The attendance of each of the nominees with regard to the board meetings and applicable committee meetings is noted in the tables below.

The tables also show the present principal occupation, business or employment of each nominee, and principal occupations, businesses and employments held in the last five years, if different. In addition, the charts show the number of securities of the Company (consisting of Common Shares, options and warrants (with each such option or warrant equivalent in value to one Common Share)), and any of its subsidiaries beneficially owned, or controlled or directed, directly or indirectly, by each of the nominees. - (ii) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;
- (b) is, as at the date of the Information Circular, or has been within 10 years before the date of the Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

Mr. Quin ceased to be a director of Mercator on September 4, 2014. Pursuant to section 50.4(8) of the BIA, Mercator was deemed to have filed an assignment in bankruptcy on September 5, 2014 as a result of allowing the ten-day period within which Mercator was required to submit a cash flow forecast to the Official Receiver to lapse.

Marcelo Kim and Javier Schiffrin, who are Director nominees of Paulson pursuant to an investor rights agreement dated March 17, 2016 (the "Paulson Investor Rights Agreement") entered into by the Company in connection with the March 2016 Financing of the Convertible Notes (see "Principal Holders of Voting Shares" above) under which Paulson has, among other rights, the right to designate two nominees to the Board so long as Paulson owns 20% or more of the outstanding Common Shares (calculated on a fully-diluted basis). The Paulson Investor Rights Agreement was subsequently amended in 2018 and in March 2020, the latter amendment providing for a Paulson nominee to also be Chair of the Company.

In March 2020, Barrick Gold advised that they would not be exercising its right to nominate a director in accordance with its Investor Rights Agreement at the Company's upcoming Annual General meeting, and had no objection to their current nominee, Jaimie Donovan, continuing as an independent director of the Company. After due consideration by the Corporate Governance and Nominating Committee and taking into account Jaimie Donovan's valuable contributions to the Company over the past year and her extensive technical knowledge and experience, the Board asked Jaimie Donovan if she would be willing to continue as a management nominee, to which she consented. As a result, Jaimie Donovan is proposed as a management nominee for re-election to the Board.

Other than the above, no other proposed director is to be elected under any arrangement or understanding between the proposed director and any other person or company, except the Directors and executive officers of the Company acting solely in such capacity. For further details on the Paulson Investor Rights Agreement and the Barrick Investor Rights Agreement, please see the Company's news release dated March 3, 2016 and May 9, 2018, respectively, on the Company's website at www.midagoldcorp.com and filed under the Company's profile at www.sedar.com.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee

The Board is responsible for ensuring the Company's total compensation strategy is aligned with the Company's performance and shareholder interests and equitable for participants. To assist with this, the Board maintains a compensation committee (the "Compensation Committee") which as at the date of this Circular, consists of three independent directors, Keith Allred (Chairman), Brad Doores and Donald Young and one non-independent director, Marcelo Kim. The skills and experience in relation to executive compensation of the members of the Compensation Committee are outlined under the section "Election of Directors" above.

The Compensation Committee's objective is to support and advise the Board in respect of its oversight responsibility by focusing on the Company's approach to Board and executive compensation plus the use of equity generally across the Company. Further detail on the role of the Compensation Committee is set out in the Compensation Committee Mandate, the text of which is attached as Appendix IV to this Information Circular.

The Compensation Committee is responsible for reviewing the salary levels for each of the Company's "Named Executive Officers" or "NEOs" (as defined below) and other senior executives on a regular basis. It may consider independent salary surveys as well as informal surveys prepared by the Company which are specific to mining and exploration companies. The Compensation Committee reviews the performance of senior executive officers with the President and CEO and, in an in-camera session without the President & CEO present, reviews the performance of the President & CEO. In evaluating the performance of the Company's executives for the award of bonuses or long-term incentive compensation, the Compensation Committee reviews the achievement of project specific goals included in the Company's plans such as prospect identification, drill programs, progress on scoping, prefeasibility or feasibility studies on projects and the advancement of projects to development. In addition, corporate objectives such as successful capital-raising, peer benchmarking (as further discussed below) and market performance are considered. To ensure the Compensation Committee is fully informed when making compensation decisions, the Compensation Committee may seek external advice, as required, on compensation policies and practices (see "Compensation Consultants" below).

With regard to the objectives of the Company's compensation program and strategy, the Company has adopted the following principles in its compensation framework:

- a) The Board seeks to set aggregate compensation at a level which provides the Company with the ability to attract and retain directors and executives of the highest calibre, while incurring a cost which is acceptable to shareholders and appropriate for the Company's size; and
- b) Directors' and executives' interests need to be aligned with the creation of shareholder value and the Company's performance by:
 - i. Providing fair, consistent and competitive compensation and rewards to attract and retain high calibre employees;
 - ii. Ensuring that total compensation is competitive with its peers by market standards;
 - iii. Incorporating in the compensation framework both short and long-term incentives linked to the strategic goals and performance of the individuals and the Company and shareholder returns;
 - iv. Demonstrating a clear relationship between individual performance and compensation; and

- v. Motivating employees to pursue and achieve the long-term growth and success of the Company.

Whilst objective criteria described in item (b) above are the basis of the compensation framework of the Company, the Directors, at their discretion, may also adopt additional compensation principles that are subjective in nature.

When making compensation decisions in relation to the NEOs, the Compensation Committee looks at the compensation of the NEOs relative to the compensation paid to similarly situated executives at companies that the Compensation Committee considers to be peers of the Company. A benchmark group (the "Benchmark Group") is determined by screening and selecting publicly-traded companies in the same general industry (exploration and development companies) and on the basis of comparable size of operations and market capitalization (see further discussion below). The Company aims to compensate employees, including NEOs, through a base salary that is generally in line with the median of the Company's peer group, but the Board has the discretion to pay above this to attract and retain key employees in achieving the Company's strategic goals, and in order to address exceptions where there are employees in dual-role positions.

The Compensation Committee reviews the composition of the Benchmark Group periodically to ensure that companies are relevant for comparative purposes, monitors the benchmark group to assess its appropriateness as a source of competitive compensation data, and adds or removes companies as appropriate. The Compensation Committee established the Company's Benchmark Group for the 2019 review and it was comprised of the following companies at the time the review was conducted:

- Barkerville Gold Mines Ltd.
- Belo Sun Mining Corp.
- Bonterra Resources Inc.
- Chesapeake Gold Corp.
- Corvus Gold Inc.
- Filo Mining Corp.
- First Mining Gold Corp.
- Gabriel Resources Ltd.
- Gold Standard Ventures Corp.
- Goldmining Inc.
- Harte Gold Corp.
- Josemaria Resources Inc. (NGEX)
- Liberty Gold Corp.
- Lumina Gold Corp.
- Marathon Gold Corporation
- Maya Gold & Silver Inc.
- Orezone Gold Corporation
- Orla Mining Ltd.
- Polymet Mining
- Pure Gold Mining Inc.
- Sabina Gold & Silver Corp.
- Victoria Gold Corp.

To qualify, a comparator company should be reasonably similar to Midas Gold in terms of criteria such as the following:

- are similar in terms of current and planned stage of evolution (i.e. be at the advanced exploration stage or have a project at the pre-development stage or possibly with a project under development); and,
- have a market capitalization within the broad range of 50% to 200% of Midas Gold's market capitalization.

The Compensation Committee believes these companies in the Benchmark Group were, at the time of the review, appropriate for purposes of the Company's targeted compensation comparison because these companies are likely to compete with the Company for executive talent; the CEO position at such comparators is similar to the position occupied by the Company's President & CEO; the companies are within the same general industry; and the companies are considered by the Compensation Committee to be within an acceptable market capitalization range when compared to the Company.

Compensation Program Components

The compensation program of the Company is comprised of four components, each of which is further described below:

1. Annual Base Salary;
2. Extended Benefits Plan;
3. Short Term Incentive Plan; and
4. Long Term Incentive Plan.

Annual Base Salary

The Company compensates employees, including NEOs, through a base salary that is generally in line with the median of the Company's Benchmark Group (see discussion above), but the Board has the discretion to pay above this level to attract and retain key executives in achieving the Company's strategic goals, and in order to address certain exceptions, such as where there are persons in dual-role positions. An annual performance review is undertaken with all employees focusing on their performance against their job description, the adequacy of their job description and the whether any changes to base salary is required based on changes in role or responsibility.

Extended Benefits Plan

The Company offers all executives (and other employees) an extended benefits plan that includes the following components:

1. Life Insurance;
2. Dependent Life Insurance;
3. Accidental Death & Dismemberment;
4. Long Term Disability (Canada only and employee paid);
5. 401(k) Plan (US only, employee and Company contributions);
6. Basic Health Care;
7. Extended Health Care; and
8. Dental Benefits

Short-Term Incentive Plan

The Company incentivizes employees on an annual basis through a Short-Term Incentive Plan ("STIP"). The STIP is performance-based and considers, the Company's performance as a whole as well as the individual's performance.

A target percentage is determined at the commencement of employment and reviewed on an annual basis through the annual performance review process.

The potential target incentive percentages with regard to the NEOs and certain other employees under the STIP were as follows:

Position	STIP as % of Annual Salary	Corporate Objectives	Individual Objectives
President & CEO	65%	100%	0%
COO & MGII President	40%	80%	20%
CFO and Vice Presidents	35%	80%	20%
Managers	20% - 35%	70%	30%

Company's Performance

On an annual basis, the Board approves a set of corporate objectives that are communicated to all employees, with measurable targets and a percentage allocation to each objective. Each such objective is allocated a percentage of the overall measure of corporate performance. At the commencement of 2019, the Company approved nine corporate objectives. In general, the objectives for 2019 can be summarized as follows:

1. Regulatory Approval
 - Advance the EIS and regulatory approval of the Stibnite Gold Project as laid out in the Plan of Restoration and Operations or subsequently modified, including various other federal and state permits.
2. Social licence
 - Continue to expand and illustrate to the public and to stakeholders the social licence to advance the Project in a manner that leads to timely completion of the NEPA review and regulatory approval, while investing in key constituencies.
3. Feasibility Study
 - Optimize and de-risk the Project through to completion of a feasibility study to define a commercially attractive operation hand in hand with the permitting process.
4. Basic & Detailed Engineering
 - Undertake basic and detailed engineering for components of the Project required to (a) Support permitting and regulatory approval and (b) Advance the Project towards a construction decision.
5. Safety & Environment
 - Complete the above in a safe and environmentally sustainable manner.
6. Value for Shareholders
 - Communicate Project progress to shareholders and investors generally, to ensure that progress translates into value for shareholders.
7. Management Effectiveness
 - Continue to develop an efficient, effective and collaborative management structure.
8. Cost Effectiveness
 - Accomplish all of this in a cost-effective manner.
9. Funding
 - Ensure adequate, and anticipate sufficient, funding to meet the Company's needs.

The Company's actual performance is assessed by the Board and a percentage may be approved for allocation to the Company's component of annual bonuses. The Board then factors the estimated performance for each objective achieved in accordance with the following scale in order to determine the net score:

Performance factor	Performance Level Achieved
120%	Results are extraordinary
100%	Results well beyond those expected
75%	Results satisfactory, objective adequately met
50%	Met most, but not all, aspects of the objective
25%	Met adequate portion of aspects of the objective

Where circumstances beyond the Company's control affect the achievement of an objective, the Board considers amending objectives throughout the year should the need arise.

Individual Performance

Individual performance against job description and individual performance objectives was reviewed in Q1 2019 for all employees. Where an exceptional contribution to the Company's performance was recognized, some adjustments to STIP payments are made.

Overall STIP Determination

Once the Company's performance against corporate objectives and exceptional individual performance against the Company's objectives has been assessed, the President & CEO makes a recommendation, inclusive of percentages and dollars to be paid, for all NEOs (excluding the President & CEO), as well as other employees, to the Compensation Committee for its approval and recommendation to the Board. The Compensation Committee and the Board consider the overall quantum of the potential bonus allocations in light of the Company's available funding and may, at its sole discretion, choose to adjust the amount to be paid out under the STIP.

Long-Term Incentive Plan

The Company incentivizes employees, including NEOs, on a long-term basis through a Long-Term Incentive Plan ("LTIP"), which is currently comprised of the granting of stock options. The objectives of the LTIP are to:

1. Align employee incentives with personal performance individually as well as the Company's performance as a whole;
2. Balance the short term with the long-term corporate focus; and
3. Assist in attracting and retaining high-calibre employees by providing an attractive long-term retention tool that builds an 'ownership of the Company' mindset.

Midas Gold's LTIP targets a grant of 1.75% of the issued share capital of the Company on an annual basis, with employees allocated to tiers or bands based on their position within the Company. Grants outside of this guidance may be made (a) to recognize exceptional performance and/or (b) as a hiring incentive for new employees where it is deemed to be in the Company's best interest to have an employee with a higher starting stock option position than just the normal annual grant level.

The Compensation Committee has the responsibility to administer the compensation policies related to the executive management of the Company, including the LTIP.

Stock Option Plan

Under the LTIP, the Board has the discretion to make annual awards of employee stock options to directors, executives, employees and consultants.

Based on the stage of development of the Company, the Compensation Committee has concluded that it is appropriate for the LTIP to take the form of employee incentive stock options. The stock option plan, attached hereto as Schedule "A" (the "**Stock Option Plan**"), does not have a fixed maximum number of securities issuable upon the exercise of options, but rather provides that the maximum number of Common Shares which may be made subject to options at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis. The Stock Option Plan is considered an "evergreen" plan, since the Common Shares covered by options which have been exercised shall be available for subsequent grants under the Stock Option Plan, and the number of options available to grant increases as the number of issued and outstanding Common Shares of the Company increases.

As of the date of this Information Circular, based upon the number of Common Shares issued and outstanding (271,541,996 Common Shares) and the number of currently outstanding options (22,553,500 options, which represents 8.3% of the Common Shares) the Company could grant options under the Stock Option Plan to

purchase up to an additional 4,600,700 Common Shares, bringing the total to 10% of the issued and outstanding Common Shares., bringing the total to 10% of the issued and outstanding Common Shares.

Specific details regarding the Stock Option Plan are provided below:

	As at December 31, 2019		As at March 30, 2020	
	Number	Percent	Number	Percent
Common Shares Outstanding	271,125,496	100%	271,541,996	100%
Maximum Options Available (10%)	27,112,549	10%	27,154,200	10%
Outstanding options	19,726,250	7.3%	22,553,500	8.3%
Remaining Options	7,386,299	2.7%	4,600,700	1.7%

Under the policies of the TSX in relation to "evergreen" stock option plans, within three years after institution and within every three years thereafter, the Company must obtain security holder approval for the unallocated entitlements available under the Stock Option Plan in order to continue to grant awards. The Company received approval from securityholders for the Stock Option Plan at its 2017 Annual General Meeting and is seeking approval again at its 2020 Annual General Meeting.

The purpose of the Stock Option Plan is to promote the profitability and growth of the Company by facilitating the efforts of the Company and its subsidiaries to obtain and retain key individuals. The Stock Option Plan provides an incentive for and encourages ownership of the Company's Common Shares by key individuals so that they may increase their stake in the Company and benefit from increases in the value of the Company's Common Shares. The Stock Option Plan is used by the Company as an aid in attracting, retaining and encouraging employees and Directors due to the opportunity offered to them to acquire a proprietary interest in the Company.

A description of the material terms of the Stock Option Plan is provided below under the heading "Description of the Stock Option Plan." Please also see the column entitled "Option-Based Awards" in the Summary Compensation Table for further details with regard to stock options in relation to the NEOs for the most recently completed financial year.

Description of the Stock Option Plan

The following is a summary of certain key terms of the Stock Option Plan for reference purposes only. A full copy of the Stock Option Plan is attached as Schedule "A" of the Information Circular.

Eligibility - Employees, officers and Directors, and consultants of the Company (collectively, "participants") are eligible to receive options under the Stock Option Plan.

Determination of Recipients and Terms - The Compensation Committee, based on a recommendation from the President and CEO, determines the participants to whom options are granted, the number of Common Shares to be made subject to and the expiry date of each option granted to each participant and the other terms of each option, including any vesting provisions that may be applicable, all such determinations to be made in accordance with the terms and conditions of the Stock Option Plan, and the Compensation Committee may take into consideration the present and potential contributions of and the services rendered by the particular participant to the success of the Company and any other factors which the Compensation Committee deems appropriate and relevant, including previous grants. All recommended stock option grants are then approved by the Company's Board. Each option is evidenced by a stock option agreement containing terms and conditions consistent with the provisions of the Stock Option Plan. No participant who is a Director can vote on any motion granting any option to such Director.

Number of Common Shares - The Stock Option Plan provides that the maximum number of Common Shares which may be made subject to options under the Stock Option Plan at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis (subject to adjustment with respect to capital changes in accordance with the terms of the Stock Option Plan). In addition, the maximum number of Common Shares which, together with Common Shares subject to all other security-based compensation arrangements of the Company (within the meaning of the policy on security-based compensation arrangements of the TSX) with such participant(s), may be:

- a) reserved for issue to participants who are insiders shall not exceed 10% of the number of Common Shares then outstanding;
- b) issued to participants who are insiders within a one-year period shall not exceed 10% of the number of Common Shares then outstanding;
- c) issued to any one participant who is an insider and the associates of such participant within a one-year period shall not exceed 5% of the number of Common Shares then outstanding; and
- d) reserved for issue to any one participant shall not exceed 5% of the number of Common Shares then outstanding.

For purposes of paragraphs (a) through (d) above, the number of Common Shares then outstanding means the number of Common Shares outstanding on a non-diluted basis immediately prior to the proposed grant of the applicable option, excluding Common Shares issued pursuant to share compensation arrangements over the preceding one-year period. If options are exercised, or are surrendered, terminate or expire without being exercised in whole or in part, the Common Shares which were the subject of such options may again be made subject to an option.

Exercise Price - The exercise of an option under the Stock Option Plan is determined by the Directors at the time the option is granted, provided that such price can be not less than the market price (being the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the date of grant) as of the date of the grant of such option.

Cashless Exercise - The Stock Option Plan contains a cashless exercise feature whereby an option that is eligible for exercise may be exercised on a cashless basis instead of a participant making a cash payment for the aggregate exercise price of the options. When a participant elects the cashless exercise of options by providing the prescribed form of notice of cashless exercise to the Company specifying the number of options to be exercised for cash, the exercise price of the options is advanced by an independent brokerage firm, the advance is deducted from the proceeds of sale of the Common Shares issued on exercise, and the remaining proceeds or Common Shares are paid to the participant after deducting any withholding tax or other withholding liabilities.

Term and Expiry Dates - The maximum term of options granted under the Stock Option Plan is 10 years. The expiry date of an option is the later of: a specified expiry date and, where a blackout period is self imposed by the Company and the specified expiry date falls within, or immediately after, the blackout period, the date that is 10 trading days following the end of such blackout period. Should an option expire immediately after a blackout period self imposed by the Company, the blackout expiration term will be reduced by the number of days between the option expiration date and the end of the blackout period.

Termination of Options - In the event if a participant dies, the option is exercisable by the person(s) to whom the rights of the participant shall pass for a period of one year from the date of the participant's death or prior to the expiration of the original term of such option, whichever is sooner, to the extent that participant was entitled to exercise the option at such time, subject to the provisions of any employment contract. All options held by a participant whose office or employment is terminated for cause cease to be exercisable as of the date of such termination. If a participant ceases to be eligible under the Stock Option Plan for any reason other than

for cause or by virtue of death, options can be exercised by such participant for a period of 30 days or prior to the original expiry date of the option, whichever is sooner, subject to the provisions of any employment contract.

Stock Appreciation Rights - The Stock Option Plan includes a Stock Appreciation Rights (“SAR”) clause which allows individuals the option to terminate vested options and receive shares in lieu of the benefits which would have been received had the options been exercised.

Capital Changes, Corporate Transactions, Take-Over Bids and Change of Control – The Stock Option Plan contains provisions for the treatment of options in relation to capital changes and with regard to amalgamations, consolidations or mergers. The Stock Option Plan provides that if the Company is subject to a bona-fide take-over bid or a change of control (as defined therein) occurs, all Common Shares subject to options immediately become vested and may thereupon be exercised in whole or in part by a respective participant and that the Directors may accelerate the expiry date of outstanding options in connection with such take-over bid.

Amendment – Any amendment, modification, or change of any provision of the Stock Option Plan is subject to the approval, if required, by any regulatory body having jurisdiction. The Stock Option Plan permits the Directors to amend, modify and change the provisions of an option or the Stock Option Plan without obtaining approval of shareholders in the following circumstances:

- a) changes of a clerical nature;
- b) changes to the vesting provisions of options or the Stock Option Plan;
- c) changes to the termination provisions of an option or the Stock Option Plan which do not entail an extension beyond the original expiry date of the option or the Stock Option Plan;
- d) the addition of a cashless exercise feature payable in cash or securities, provided that such feature provides for the full deduction of the number of Common Shares from the number of Common Shares reserved under the Stock Option Plan;
- e) any other amendments of a non-material nature which are approved by the TSX; and
- f) amendments deemed by the Board to be necessary or advisable because of any change in applicable securities laws or other laws.

Under the Stock Option Plan, the Directors are not, however, permitted to amend the exercise price of any option issued under the Stock Option Plan where such amendment reduces the exercise price of such option, and the Stock Option Plan further provides that all amendments, modifications, or changes not outlined immediately above shall only be effective upon approval of the shareholders of the Company.

Assignability – No rights under the Stock Option Plan and no option awarded pursuant to it are assignable or transferrable by any participant other than pursuant to a will or by the laws of descent and distribution.

Termination of Plan – The Stock Option Plan may be terminated at any time by the Directors. Notwithstanding any such termination, any option outstanding under the Stock Option Plan remains in effect until such option has been exercised, has expired, has been surrendered to the Company or has been terminated.

Burn Rate – The Stock Option Plan burn rate for each of the three most recently completed fiscal years is set out below:

Stock Option Plan			
Year End	Options Granted	Weighted Average Shares Outstanding	Burn Rate⁽¹⁾⁽²⁾
2019	5,760,000	254,627,960	2.3%
2018	5,220,000	216,893,422	2.4%
2017	4,512,500	184,009,046	2.5%

- (1) *Annual burn rate is expressed as a percentage and is calculated by dividing the number of securities granted under the plan by the weighted average number of securities outstanding for the applicable fiscal year.*
- (2) *The annual burn rate has been somewhat higher than planned in each of the past three years due to the timing of option grants that are based on actual shares issued at that time vs. the weighted averages for the year, plus a limited number of specific performance-related grants to certain individuals.*

Compensation Consultants

No compensation consultant or advisor has, at any time since the beginning of the Company's most recently completed financial year, been retained to assist the Board or Compensation Committee in determining compensation for any of the Company's Directors and executive officers. On an annual basis the Company conducts an in-house review of the publicly available compensation paid to NEOs of the Benchmark Group. The Compensation Committee met in February 2020 to consider the results of the 2019 peer review and concluded that there would be no general adjustment to the compensation framework for NEOs, but some individual's compensation was adjusted as a result of the peer review.

Compensation Risk Considerations

The Board considers the implications of the risks associated with the Company's compensation policies and practices when determining rewards for its officers and Directors.

In order to assist the Board in fulfilling its oversight responsibilities with respect to risk management in terms of the Company's compensation structure, the Compensation Committee reviews, on at least an annual basis, the Company's compensation policies and practices. As part of such review process, the Compensation Committee endeavours to identify any practices that may encourage a Director, officer or employee to expose the Company to unacceptable or excessive risk.

Executive compensation is comprised of both short-term compensation in the form of a base salary, and the STIP (i.e. incentive cash bonuses) and LTIP (i.e. grants of incentive stock options). This structure ensures that a significant portion of executive compensation is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term shareholder value.

As discussed above under the heading "Description of the Stock Option Plan", the Board also has the ability to set out vesting periods in each stock option agreement. As the benefits of such long-term compensation would not be realized by officers and Directors until a significant period of time has passed, the ability of such persons to take inappropriate or excessive risks that are beneficial to their personal compensation at the expense of the Company and the shareholders is limited. Furthermore, all elements of executive compensation are discretionary in nature. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the shareholders that would be beneficial to his/her short-term individual compensation when their long-term compensation might be put at risk from such actions.

Due to the relatively small size of the Company and its current management group, the Board is also able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may also be identified and mitigated through regular Board meetings during which financial and other information of the Company is regularly reviewed.

The Compensation Committee currently believes that the Company's compensation policies do not encourage NEOs or individuals at principal business units or divisions of the Company to take inappropriate or excessive risks. The Company's compensation policies are structured such that there are generally restrictions on the maximum payout of the variable components of compensation as a percentage of salary in relation to performance bonuses and as maximum number of Common Shares issuable pursuant to an option granted under the Stock Option Plan.

The following components of the Company's compensation framework are specifically designed to mitigate against compensation-related risks:

- The Stock Option Plan provides that the maximum number of Common Shares which may be made subject to options under the Stock Option Plan at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis.
- Vesting periods under the Stock Option Plan are generally in four equal installments over a three-year period from the date of grant.
- Bonus payments to a NEO in any given year are capped as a maximum percentage of base salary, as described in the "Short Term Incentive Plan - Overall STIP Determination" section, above.
- Bonus payments are generally derived from performance against pre-approved annual objectives for both the Company and the individuals (except the President & CEO, who is only assessed against corporate objectives).

As of the date of this Information Circular, no risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Financial Instruments

The Company has not adopted a formal policy prohibiting Named Executive Officers or Directors from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities of the Company granted as compensation or held, directly or indirectly, by such Named Executive Officers or Directors. As of the date of this Information Circular, the Company is not aware of any Named Executive Officer or Director having entered into such type of transaction.

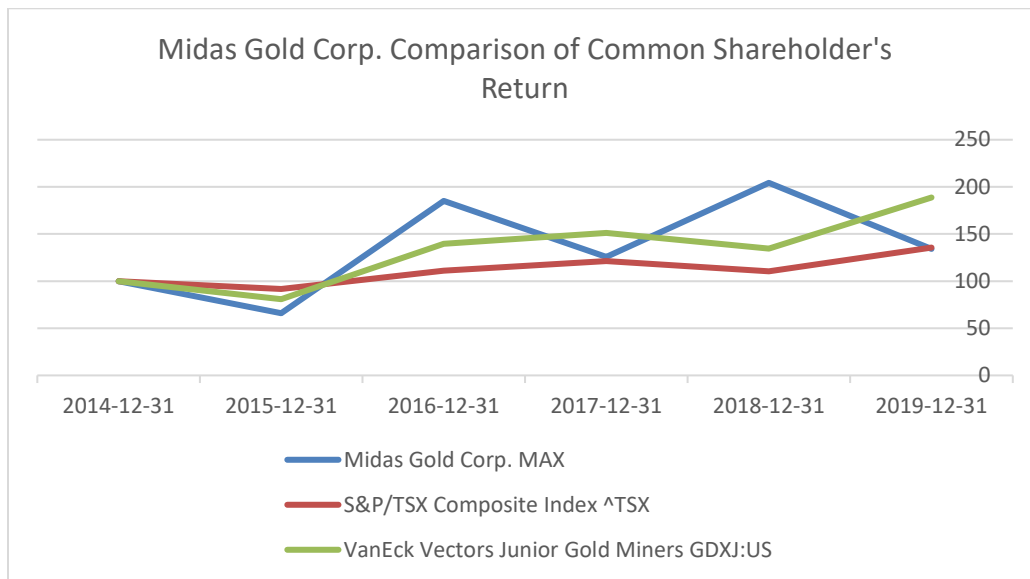

Share Performance Graph

The following graph and table illustrates the Company's cumulative (to December 31, 2019) shareholder return based on a \$100 investment (since December 31, 2014) in the Company's Common Shares compared to the cumulative return on a comparable investment in the S&P/TSX Composite Index and the Market Vectors Junior Gold Miners ETF ("GDXJ") for the same period, ended December 31, 2019, each such index as published by the TSX.

The year-end values of each index investment are based on share appreciation plus dividends paid in cash, with the dividends reinvested on the date they were paid (there have been no dividends paid in relation to the Common Shares). The calculations exclude trading commissions and taxes. Total shareholder returns from each investment can be calculated from the year-end investment values shown in the following graph.

TOTAL SHAREHOLDER RETURN COMPARISON

(Based on an initial investment of \$100 on December 31, 2014 to December 31, 2019)

As previously noted, the Compensation Committee considers various factors in determining the compensation of the Named Executive Officers and Common Share performance is one performance measure that is reviewed and taken into consideration with respect to executive compensation. As a gold exploration company, the price of the Common Shares can be impacted by the market price of gold, which can fluctuate widely and be affected by numerous factors that are beyond the Company's control. General and industry-specific market and economic factors may also affect the price of the Common Shares. While share price performance is only a minor factor in overall executive compensation, over the past five years, the cash compensation paid to Named Executive Officers has been relatively consistent, while the trend in share price over the same time period has been upward, albeit with significant annual variability. Equity based compensation granted to Named Executive Officers is affected by the number of options granted and the share price at the time of the grant which has resulted in significant variability over the past five years.

Share-based and Option-Based Awards

The process that the Company uses to grant option-based awards to executive officers is disclosed elsewhere in this Information Circular, including under "Stock Option Plan" and "Description of the Stock Option Plan" above.

Compensation Governance

The Company has a Compensation Committee, which is further described under the heading "Compensation Discussion and Analysis – Compensation Committee" above and under the sub-section "Compensation of Directors and Officers" under the heading "Corporate Governance Disclosure" below.

- (1) All compensation amounts awarded, earned, paid, or payable are reflected in Canadian Dollars, Ms. Sayer. Mr. Meyer and Mr. Bogert's compensation is paid in USD and have been translated at the average exchange rate for the relevant year.
- (2) The Company used the Black-Scholes model as the methodology to calculate the grant date fair value, and relied on the following the key assumptions and estimates for each calculation: expected dividend yield 0% (2018- 0% and 2017 – 0%), expected stock price volatility 64% (2018 – 64% and 2017 – 66%) weighted average risk free interest rate 1.8% (2018 – 2.1% and 2017 – 1.2%), and expected life of options of 5 years (2018 – 5 years and 2017 – 5 years). The Company chose this methodology as it is the standard for exploration companies in Canada and has been consistently applied by the Company for valuing option based awards by the Company since inception.
- (3) Ms. Sayer, Mr. Meyer and Mr. Bogert received contributions from the Company to their 401(k) plans.
- (4) Mr. Quin's salary was increased on March 1, 2019 to \$335,000.

In 2019, 2018 and 2017 the Company elected to donate the amount forgone by Mr. Quin to a charity in the Company's name.
- (6) Ms. Sayer was appointed as President & CEO of Midas Gold Idaho, Inc. ("MGII", a wholly owned subsidiary of Midas Gold Corp) on September 20, 2016. Immediately prior to such appointment, Ms. Sayer was a director of Midas Gold Corp. The above compensation only relates to Ms. Sayer's capacity as an executive.

Immediately prior to such appointment, Mr. Bogert was a director of Midas Gold Corp. The above compensation only relates to Mr. Bogert's capacity as an executive. Mr. Bogert received a signing bonus of \$181,454 upon his appointment, accordingly Mr. Bogert declined to be eligible for an annual performance bonus for 2018.

The compensation paid to each of the above NEOs is pursuant to the terms of their respective employment agreements, which are set forth in more detail below in the subsection "Termination and Change of Control Benefits".

INCENTIVE PLAN AWARDS

Named Executive Officers are eligible for grants of stock options under the Company's LTIP through the Stock Option Plan. For details of the Company's LTIP and Stock Option Plan, see "Long Term Incentive Plan" and "Stock Option Plan" above.

The Company does not currently have an equity award plan that provides compensation based on achievement of certain performance goals or similar conditions within a specified period, or a share-based award plan under which equity-based instruments that do not have option-like features, can be issued.

- (1) All options granted have a five-year term and vest one quarter per year commencing on the grant date, except for 600,000 options granted to Ms. Sayer which have a six-year term and vest on successful permitting of the Project, with staggered vesting dates related to the timing of permit approval.
- (2) This amount is calculated based on the difference between the market value of the Common Shares underlying the options on December 31, 2019, which was \$0.63, and the exercise or base price of the option. Such amount may not represent the amount that the respective Named Executive Officer will actually realize from the awards. Whether, and to what extent, a Named Executive Officer realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Named Executive Officer's continued employment with the Company.
- (3) In 2014, due to limited capacity for the Company to grant options, Mr. Quin waived his annual grant of options in order to provide a greater allocation to other employees. In 2016, Mr. Quin was granted additional options in recognition of his success in completing the financing in March 2016 and in order to better align his interests with those of the shareholders.
- (4) On December 31, 2019, Mr. Quin and Mr. Morgans received their 2020 stock option entitlement.
- (5) Ms. Sayer was appointed President and CEO of MGII on September 30, 2016. The above option-based awards were granted in her capacity as an executive and a director prior to her ceasing to be a director of the Company on September 20, 2016. The 500,000 options were granted as an additional incentive to joining the Company and to better align Ms. Sayer with other executives who had been accumulating option grants over several years. The 600,000 option grant was an additional incentive and only become vested on successful permitting of the Project, with staggered vesting dates related to the timing of permit approval.
- (6) Mr. Bogert was appointed General Counsel of MGII on August 31, 2018. The above option-based awards were granted in his capacity as an executive and a director prior to her ceasing to be a director of the Company on August 31, 2018. The 645,000 option grant as an additional incentive to joining the Company and to better align Mr. Bogert with other executives who had been accumulating option grants over several years.

Value Vested or Earned During the Year

The value vested or earned during the most recently completed financial year of incentive plan awards granted to Named Executive Officers are as follows:

Name	Option-Based Awards - Value Vested During the Year (\$)⁽¹⁾	Share-Based Awards - Value Vested During the Year (\$)	Non-Equity Incentive Plan Compensation - Value Earned During the Year (\$)
Stephen Quin President and CEO	68,975	n/a	n/a
Laurel Sayer MGII President	58,088	n/a	n/a
John Meyer VP Development	30,225	n/a	n/a
Michael Bogert MGII General Counsel	19,300	n/a	n/a
Darren Morgans CFO	59,200	n/a	n/a

(1) This amount is the dollar value that would have been realized if the options or warrants had been exercised on the vesting date by calculating the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date. As all options and warrants were granted with an exercise price equal to market price, all such options carried a nil value on the initial vesting date of one-quarter of the options on the date of grant. Such amount may not represent the amount that the respective Named Executive Officer will actually realize from the awards. Whether, and to what extent, a Named Executive Officer realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Named Executive Officer's continued employment with the Company.

PENSION PLAN BENEFITS

The Company does not have a pension plan or any defined contribution plan that provides for payments or benefits to the Named Executive Officers or directors at, following, or in connection with retirement. The Company does make matching contributions, with restrictions, to 401k plans for employees of Midas Gold Idaho, Inc.

TERMINATION AND CHANGE OF CONTROL BENEFITS

As of the date of this Information Circular, the Company has employment agreements with each of the Named Executive Officers, which includes compensation in the form of salary, bonuses, and option share awards as well as for payment or benefits in the event of termination of employment or change of control of the Company. In order to ensure the continued dedication of the Named Executive Officers, the Board has determined that it is in the best interests of the Company and its shareholders to provide the Named Executive Officers and certain other key employees with additional financial security in the event of certain terminations and or a change of control of the Company.

In the agreements, "change of control" is defined as the acquisition by any person or by any person and a person "acting jointly or in concert with" such person, as defined in MI 62-104 - *Take-Over Bids and Issuer Bids*, whether directly or indirectly, of voting securities which, when added to all other voting securities of the Company at the time held by such person or by such person and a person "acting jointly or in concert with" another person, totals for the first time not less than fifty percent (50%) of the outstanding voting securities of the Company or the votes attached to those securities are sufficient, if exercised, to elect a majority of the Board of Directors of

the Company. "Good reason" means the occurrence, within 12 months of a change of control, of any of the following without the NEO's written consent:

- (i) a meaningful and detrimental change in the employee's position, title, duties or responsibilities from those in effect immediately prior to a change of control;
- (ii) a change in the principal head office of the employer to a location more than 50 kilometres from the then-current location of the principal head office of the Company;
- (iii) any reduction in the employee's salary or other remuneration; or
- (iv) a demand by the Company that the employee cease working or providing services for remuneration to another entity where the Company and employee had previously agreed that the employee could engage in such activities, provided that a demand that the employee not increase the average monthly hours devoted to the third entity shall not constitute "good reason".

If, as the result of a change of control of the Company, if any of the NEO's experience "good reason" as described above, each is entitled to a severance payment in lieu of notice as set out below:

NEO	Salary	Additional
Stephen Quin	24 months	An amount equal to 130% of his annual salary in effect at the time of termination.
Laurel Sayer	12 months	An amount equal to 40% of her annual salary in effect at the time of termination
John Meyer	12 months	An amount equal to 35% of his annual salary in effect at the time of termination
Michael Bogert	12 months	An amount equal to 35% of his annual salary in effect at the time of termination
Darren Morgans	12 months Full Time Salary	An amount equal to 35% of his Full Time Salary in effect at the time of termination

In the event of a change of control, all unvested incentive share options in the Company held by the NEO shall immediately vest and the incentive share options shall remain exercisable until the expiry of the original term.

At any time in circumstances where there is no cause for termination and no change of control, by the provision of written notice of termination from the Company, the Company is obligated to provide the terminated NEO with a lump sum severance payment, as set out in the table below:

NEO	Payment amount
Stephen Quin	(a) 24 months' salary; and (b) an amount equal to 200% of the amount (if any) determined as payable to Mr. Quin under the annual incentive plan during the last complete bonus year.
Laurel Sayer	(a) 12 months' salary; and (b) an amount equal to the amount (if any) determined as payable to Ms. Sayer under the annual incentive plan during the last complete bonus year.
John Meyer	(a) 12 months' salary; and (b) an amount equal to the amount (if any) determined as payable to Mr. Meyer under the annual incentive plan during the last complete bonus year.

DIRECTOR COMPENSATION

Under the Company's policies with regard to Director compensation, the Company's executive Directors (as of the date of this Information Circular, Stephen Quin is the only executive Director) do not receive fees for Board service. In addition, Mr. Schiffrin and Mr. Kim, as nominees of Paulson & Co., elected to receive no directors' fees or options. Ms. Donovan, began receiving directors' fees and options in Q2 2019. The compensation for the non-executive Directors includes the following payments:

- (v) a \$2,875 annual cash retainer for each member (excluding the Chairman) of the Audit Committee, Corporate Governance and Nominating Committee, Compensation Committee, and Environment, Health and Safety Committee.

Payments are made quarterly to the Directors. Additionally, the Board may consider discretionary grants of stock options to non-executive Directors from time to time. The Company also reimburses Directors for all reasonable out-of-pocket costs incurred by them in connection with their services to the Company. No additional fees were paid to the members of the Special Committee.

The compensation described above was approved by the Compensation Committee of the Board effective January 1, 2018 after a review the directors' fees paid to a group of comparable companies at the time. At a Compensation Committee meeting in November 2017, it was agreed that the US based independent non-executive director (Mr. Allred) would receive the above payments in nominal US dollars. This increase was effective October 1, 2017.

The table below sets out the amounts, before any withholdings, that each non-executive Director earned in fees and all other amounts of compensation during the year ended December 31, 2019 for his or her services as a Director:

(1) All options awarded January 8, 2014, vest one-third per year commencing on January 8, 2014, and have a five-year term.

(2) All options awarded subsequent to January 8, 2014, vest one-quarter per year commencing on grant date and have a five-year term.

Such amount may not represent the amount that the respective Director will actually realize from the awards. Whether, and to what extent, a Director realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Director's continued membership on the Board.

(4) Ms. Donovan was appointed to the Board on January 31, 2019 and started receiving directors' fees and option-based awards in Q2 2019.

(1) *This amount is the dollar value that would have been realized if the options had been exercised on the vesting date by calculating the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date. As all options were granted with an exercise price equal to market price, all such options carried a nil value on the initial vesting date. Such amount may not represent the amount that the respective Director will actually realize from the awards. Whether, and to what extent, a Director realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Director's continued membership on the Board.*

The section entitled "Incentive Plan Awards" above contain further information regarding options granted to the Named Executive Officers and non-executive Directors under the Stock Option Plan as at the end of the financial year ended December 31, 2019.

Subsequent to year end, an additional 3,830,000 options were granted to employees and directors of the Company as part of the annual granting process under the Company's Long Term Incentive Plan.

STAKEHOLDER COMMUNICATIONS

Stakeholders may communicate with the Company by contacting the Corporate Secretary at the Company's head office address or through the Company's website and, if a stakeholder so requests, comments in writing provided by stakeholders will be forwarded to the independent Directors. Stakeholders should be prepared to identify themselves as a condition to having their comments forwarded to the independent Directors.

The Board of Directors reviews the Company's significant communications with investors and the public, including the Company's annual audited financial statements, quarterly unaudited financial statements, management's discussion and analysis, annual information forms, and management information proxy circulars.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as set out herein with respect to the approval of the Stock Option Plan pursuant to the policies of the TSX, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management of the Company for election as a director of the Company and, to the knowledge of the Company, no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of Directors or the appointment of auditors. See "Particulars of Other Matters to be Acted Upon – Approval of the Company's Evergreen Stock Option Plan" for further information.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person (as defined in National Instrument 51-102) or proposed Director of the Company and, to the knowledge of the Company, no associate or affiliate of the foregoing persons has or has had any material interest, direct or indirect, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which in either such case has materially affected or would materially affect the Company or any of its subsidiaries.

MANAGEMENT CONTRACTS

No management functions of the Company or any subsidiaries are performed to any substantial degree by a person other than the Directors, executive officers or full-time employees of the Company.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 – *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices, which such disclosure for the Company is set out below.

Independence of Members of Board

The Company's Board currently consists of eight (8) Directors, seven of whom are standing for re-election at the Meeting and one director who has been newly appointed and is standing for election at the Meeting. The majority of the Directors are independent, including the Chairman, Peter Nixon. The Board has made an affirmative determination that five (5) of the Directors are independent based upon the applicable tests for independence set forth in National Instrument 52-110 – *Audit Committees*. With the exception of Stephen Quin, Marcelo Kim and Javier Schiffrin, the Board has determined that all other Directors are independent of management and free from any interest and any business which could materially interfere with their ability to act as a director with a view to the best interests of the Company. In reaching this determination, the Board considered the circumstances and relationships with the Company of each of its Directors. In determining that all Directors (except each of Mr. Quin, Mr. Schiffrin, and Mr. Kim) are independent, the Board took into consideration the fact that each of the other Directors is not an officer or employee of the Company, a former officer or employee, or a party to any material contract with the Company and that none receive remuneration

from the Company in excess of Directors' fees and stock option grants. Mr. Quin is not considered independent as he has a material relationship with the Company due to being an executive officer (President and CEO) of the Company. Mr. Kim and Mr. Schiffrin are not considered independent as they are both Partners at Paulson, which the Board has determined has a material relationship with the Company. Mr. Schiffrin and Mr. Kim have waived Director's fees and stock option grants. As disclosed under the heading "Principal Holders of Voting Shares", Paulson purchased Convertible Notes under the March 2016 Financing and the March 2020 Financing, which Convertible Notes are convertible to acquire up to approximately 44.43% of the currently issued and outstanding Common Shares on a partially diluted basis (assuming conversion of only Paulson's Convertible Notes). Paulson also has certain rights pursuant to the Paulson Investor Rights Agreement. Barrick Gold purchased 19.9% of the Company's shares in May 2018. In March 2020, Barrick advised that they would not be exercising its right to nominate a Director in accordance with the Barrick Investor Rights Agreement at the Company's 2020 AGM, and had no objection to their current nominee, Jaimie Donovan, continuing as an independent Director of the Company. After due consideration by the Corporate Governance and Nominating Committee and taking into account Jaimie Donovan's valuable contributions to the Company over the past year and her extensive technical knowledge and experience, the Board asked Jaimie Donovan if she would be willing to continue as a management nominee, to which she consented. As a result, Jaimie Donovan is proposed as a management nominee for re-election to the Board and is deemed independent.

The size of the Company is such that all the Company's operations are conducted by a small management team, one of whom (the President and CEO, Stephen Quin) is also on the Board. The independent Directors exercise their responsibilities for independent oversight of management through their majority control of the Board. In addition, the Board has separate roles for the Chairman of the Board, Mr. Kim, Lead Director, Mr. Nixon, and the President and Chief Executive Officer, Mr. Quin.

The independent Directors meet regularly and hold private sessions without the presence of the non-independent Director and management. During the financial year ended December 31, 2019, 29 such private sessions were held (including board, standing committee and Special Committee meetings). The independent Directors are also encouraged to meet at any other time they consider necessary without any members of management, including the non-independent Director, being present. Further supervision is performed through the Board's four standing committees, three of which are composed entirely of non-executive, independent Directors and all of which meet regularly without management being in attendance. The Board's four standing committees are as follows: the Audit Committee; the Compensation Committee; the Corporate Governance and Nominating Committee; and the Environmental, Health and Safety Committee. The Audit Committee also meets with the Company's external auditors without management being in attendance.

To promote the exercise of independent judgment by Directors in considering transactions and agreements, any director or officer who has a material interest in the matter being considered would not be present for discussions relating to such matter and would not participate in any vote on such matter.

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers (or the equivalent in a foreign jurisdiction) is described in the tables provided under the section entitled "Election of Directors" in this Information Circular.

Participation of Directors in Board Meetings

Environment, Social Consideration and Governance

Midas Gold has, since its inception, incorporated the principles of environmental protection, social considerations and good governance (ESG) into all its actions. In 2019, the Board of Midas Gold formalized its commitments by adopting an ESG Policy. The intent of this policy is to set out our guiding principles in a coherent, systematic manner to inform stakeholders and interested parties as to those principles.

Guiding Principles

- We are guided by certain principles as they relate to responsible mineral development. These principles include, but are not limited to, the following:
- Midas Gold's purpose is to leave the Stibnite Gold Project site better than we found it and to leave a lasting legacy of economic benefits in Valley County and Idaho.
- Our employees are driven to achieve these goals by their own ideals and values, and they would not be working with Midas Gold if that was not the case.

- Midas Gold recognizes that responsible corporate behaviour with respect to environmental, social and governance factors can generally have a positive influence on long-term financial performance.
- Disclosure is the key that allows stakeholders and other interested parties to better understand, evaluate and assess potential risk and return, including the potential impact of ESG factors on Midas Gold’s performance.
- Midas Gold’s investment analysis should incorporate ESG factors to the extent that they affect risk and return.
- Midas Gold acknowledges that the division of authority and responsibilities among the three parties that are core to corporate governance – shareholders, directors and managers.
- Employees, contractors, suppliers, federal, state and local governments and the community at large have a vested interest in positive corporate conduct and long-term business performance.

Core Values

In order to live up to these principles, Midas Gold has defined certain core values that are integral to the Company’s DNA:

- **Safety** - The health and safety of our employees, contractors and the public is of the utmost importance.
- **Environmental Responsibility** - We go above and beyond what is required; we find practical solutions to manage growth while protecting and enhancing the natural environment.
- **Community Involvement** - As a proud part of the community, we actively strive to serve the community’s needs, to collectively enhance prosperity and well-being.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and crucial to meet the Company’s responsibilities to shareholders and other stakeholders. All Directors, officers and employees of the Company are expected to maintain and enhance the Company’s standing as a vigorous and ethical member of the business community.

The Company and its employees, personally and on behalf of the Company, are required to comply with the laws, policies and other regulations applicable to the Company and its business, respect the protection of internationally proclaimed human rights and recognize the responsibility to observe those rights.

Accordingly, the Board has adopted a Code of Conduct and Ethical Values Policy (the "Code"), which is posted on the Company’s website at www.midasgoldcorp.com and filed under the Company's profile at

www.sedar.com. The Board has instructed its management and employees to abide by the Code and to bring any breaches of the Code to the attention of the Board.

It is ultimately the Board of Directors' responsibility for monitoring compliance with the Code. The Board of Directors has delegated this responsibility to the Corporate Governance and Nominating Committee which, among other things, reviews the Code periodically. To date, no waivers of the Code have been granted nor has there been any material change report filed that pertains to any conduct of a Director or executive officer of the Company that constitutes a departure from the Code.

The Company has also established a Whistle-Blower Policy whereby the Board of Directors has delegated the responsibility of monitoring complaints regarding accounting, internal controls or auditing matters to the Audit Committee. Monitoring of accounting, internal controls and auditing matters, as well as violations of the law, the Code and other Company policies or directives, occurs through the reporting of complaints and concerns through an anonymous whistleblower hotline, via email, or through a secure Internet reporting service in accordance with the Company's Whistle-Blower Policy. A copy of the Whistle-Blower Policy is available on the Company's website at www.midasgoldcorp.com.

Certain of the Company's Directors serve or may agree to serve as directors or officers of other reporting companies or have significant shareholdings in other reporting companies and, to the extent that such other companies may participate in ventures in which the Company may participate, a Director may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. In the event that such a conflict of interest arises at a meeting of the Board, a Director who has such a conflict will abstain from voting for or against the approval of such participation or such terms and such Director will not participate in negotiating and concluding terms of any proposed transaction.

The Board also requires that Directors and executive officers who have an interest in a transaction or agreement with the Company to promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material or if required to do so by corporate or securities law.

Nomination of Directors

The Corporate Governance and Nominating Committee is responsible for identifying potential Board candidates. The Corporate Governance and Nominating Committee is composed entirely of non-executive, independent Directors. The Corporate Governance and Nominating Committee reviews the competencies and skills that the Company's Board of Directors, as a whole, possesses; assesses potential Board candidates relative to perceived needs on the Board for required skills, expertise, independence and other factors; and recommends candidates for nomination, appointment, election and re-election to the Board. Members of the full Board and representatives of the mining industry are consulted for possible candidates.

The Company is committed to gender diversity on its Board of Directors, as well as at the senior level of management. (See "Policies Regarding the Representation of Women on the Board", "Consideration of the Representation of Women in the Director Identification and Selection Process" and "Consideration Given to the Representation of Women in Executive Officer Appointments" below for further information.) The Board ensures, in the process of ongoing Board renewal and the continuing search for a diverse mix of talent and competency, that new appointments advance that commitment in a timely fashion.

Further to the above commitment, the Board will seek out candidates with common attributes such as integrity, intelligence, sound business judgement, independence of mind and the ability to learn and understand all aspects of the company's business. Recruits to the Board will also be highly qualified in their respective areas of expertise and possess a mix of skill and experience that, collectively, will allow the Board to function at a high level and add value to the enterprise.

The Board has adopted a written charter that sets forth the responsibilities, powers and operations of the Corporate Governance and Nominating Committee, as detailed in Appendix III to this Information Circular. The Corporate Governance and Nominating Committee is responsible for annually assessing Board performance,

assessing the contribution of the Board, committees and all Directors annually, and planning for the succession of the Board. See "Board Committees" and Board Assessments" below for further information.

Compensation of Directors and Officers

The Compensation Committee, which is composed entirely of non-executive and independent Directors, is responsible for reviewing the adequacy and form of non-executive Directors' and senior officers' compensation to ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective Director and senior officer. The Compensation Committee annually reviews the adequacy and form of the compensation of the Company's senior officers and non-executive Directors and makes recommendations to the Board with respect to the Company's directorship fee structure and compensation.

The Compensation Committee has a written charter that sets out the committee's responsibilities, structure and operations. Pursuant to its mandate, the Compensation Committee duties and responsibilities are as follows:

- (a) to recommend to the Board compensation policies and guidelines for application to Midas Gold;
- (b) to work with management so that Midas Gold has in place programs to attract and develop management of the highest calibre and a process to provide for the orderly succession of management;
- (c) to review corporate goals and objectives relevant to the compensation of the Chief Executive Officer and, in light of those goals and objectives, to recommend to the Board the annual salary, bonus and other benefits, direct and indirect, of the Chief Executive Officer (provided, that notwithstanding the foregoing, the Committee shall approve all awards to the Chief Executive Officer pursuant to the Midas Gold stock option plan and any other plan that delegates to the Committee such authority) and to approve compensation for all other designated officers after considering the recommendations of the Chief Executive Officer, all within the human resources and compensation policies and guidelines approved by the Board;
- (d) to implement and administer compensation policies approved by the Board concerning the following:
 - (i) executive compensation, contracts, stock plans or other incentive plans, including making awards of equity-based compensation and options, or where the plan or contract does not delegate to the Committee such authority, making recommendations to the Board regarding such awards; and,
- (e) from time to time, to review the Company's broad policies and programs in relation to benefits;
- (f) to annually receive from the Chief Executive Officer recommendations concerning annual compensation policies and budgets, including stock options, for all employees;
- (g) from time to time, to review with the Chief Executive Officer the Company's broad policies on compensation for all employees and overall labour relations strategy for employees;
- (h) to develop and monitor the overall approach to remuneration for the directors of Midas Gold and, subject to approval by the Board, to implement a remuneration program for the directors and the roles within the Board committees;
- (i) to periodically review the adequacy and form of the compensation of directors so that the compensation realistically reflects the responsibilities and risks involved in being an effective director, and to report and make recommendations to the Board accordingly;
- (j) to report regularly to the Board on all of the Committee's activities and findings during that year;
- (k) to develop a calendar of activities to be undertaken by the Committee for each ensuing year and to submit the calendar in the appropriate format to the Board of Directors within a reasonable period of time following each annual general meeting of shareholders; and

- (l) to review executive compensation disclosure before publicly disclosed.

See "Compensation Committee" under the "Statement of Executive Compensation" above for addition details regarding the Compensation Committee, including with regard to the engagement of any compensation consultant or advisor.

Board Committees

The Company has four standing committees: Audit, Compensation, Corporate Governance and Nominating, and Environmental, Health and Safety.

The primary function of the Audit Committee is to assist the Directors in fulfilling its oversight responsibilities with respect to the Company's financial reporting and continuous disclosure; the Company's systems of internal controls and financial reporting processes; and the review and appraisal of the performance and independence of the Company's external auditors. The Audit Committee is composed entirely of non-executive, independent (within the meaning of sections 1.4 and 1.5 of National Instrument 52-110, *Audit Committees*) Directors and each member meets the requirement of financial literacy as prescribed by the appropriate regulatory bodies.

The Compensation Committee, under the supervision of the Board, has overall responsibility for monitoring trends in compensation philosophy and practices, making recommendations regarding appropriate levels and types of executive compensation that are competitive and motivating in order to attract, hold and inspire the Chief Executive Officer, Chief Financial Officer other senior officers and other key employees, and for reviewing trends in compensation philosophy and practices for independent Directors and making recommendations in that regard. The Compensation Committee is comprised of a majority of non-executive, independent Directors and one non-independent Director.

The primary function of the Corporate Governance and Nominating Committee is to assist the Board of Directors by establishing and leading the process for identifying, recruiting, and recommending candidates for nomination, appointment, election and re-election to the Board; assessing Board performance; and determining appropriate orientation and education programs for new Board members. The Corporate Governance and Nominating Committee is comprised of a majority of non-executive, independent Directors and one non-independent Director.

Other than the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, the Company also has an Environment, Health and Safety Committee, which is not currently composed entirely of independent members as Mr. Quin, an executive Director and Mr. Schiffrin and Mr. Kim, non-independent Directors, serve on such Committee.

The Environment, Health and Safety Committee reviews environmental, occupational health, safety and sustainable development reports of the Company; oversees the Company's environmental and safety performance; and monitors and reviews current and future regulatory issues relating to the environment, health, safety and sustainable development and making recommendations on significant matters, where appropriate, to the Board.

Midas Gold is committed at all times to take into consideration the environment, health, safety and welfare of the communities in which it has operations, development and exploration activities and to strive to be legally compliant, and economically, environmentally, socially and ethically responsible. The Environmental, Health, and Safety Committee, under the supervision of the Board, has overall responsibility for overseeing the development and implementation of policies and procedures for ensuring a safe and healthy work environment.

Ad Hoc Special Committees

The Board does not have any other standing committees. From time to time, ad hoc special committees (a "Special Committee") of the Board may be appointed. The primary function of a Special Committee is to efficiently consider and make recommendations to the full Board in respect of any potential future transaction involving a financing, business combination, acquisition or sale initiated by a third party in respect of the

Company or its business and assets. A Special Committee is responsible for reviewing all aspects of any such transaction and making recommendations to the full Board with respect thereto, and was established as a separate special committee of the Board in order to ensure that all relevant facts, issues and associated transactions are reviewed and approved by Directors who are not subject to any conflict of interest and, as such, can consider transactions with the best interests of the Company and its shareholders exclusively in mind.

Board Assessments

The Board annually, and at such other times as it deems appropriate, will review the performance and effectiveness of the Board, the Directors and its committees to determine whether changes in size, personnel or responsibilities are warranted. To assist in its review, the Board will conduct informal surveys of its Directors, receive an annual report from the Corporate Governance and Nominating Committee on its assessment of the functioning of the Board and reports from each committee respecting its own effectiveness. As part of the assessments, the Board or an individual committee may review its respective mandate or charter and conduct reviews of applicable corporate policies.

Director Term Limits and Other Mechanisms of Board Renewal

The Company has not adopted term limits for its Directors. The Company believes that term limits are an arbitrary mechanism for removing Directors and can result in highly qualified and experienced Directors forced out solely based on the length of their service. The Corporate Governance and Nominating Committee, however, reviews on at least an annual basis the size, composition, mandate and performance of the Board and the various committees of the Board, and makes recommendations for appointment, removal of Directors, or other adjustments as appropriate.

To ensure adequate renewal of the Board, the Board annually, and at such other times as it deems appropriate, reviews the performance and effectiveness of the Board, the Directors and the committees of the Board to determine whether changes in size, personnel or responsibilities are warranted or advisable. To assist in its review, the Board will conduct informal surveys of the Directors, receive an annual report from the Corporate Governance and Nominating Committee on its assessment of the functioning of the Board, and reports from each committee respecting each committee's own effectiveness.

As discussed above under "Board Assessments", as part of its annual review, the Board assesses the skills of its Board members in a variety of areas critical to the effective oversight of the Company. These assessments with regard to skills ensure that the Board possesses the requisite expertise, experience, and operational and business insight for the effective stewardship of the Company. As part of its assessment, the Board also considers, among other diversity factors, whether there are women on the Board and the committees.

The results of such assessments and surveys are reported to the Board and the Chairman, together with any recommendations from the Corporate Governance and Nominating Committee for improving the composition of the Board.

The Corporate Governance and Nominating Committee has considered whether to propose that the Board adopt term limits for directors and has determined not to do so after consideration of a number of factors, including the significant advantages associated with the continued involvement of long-serving directors who have gained a deep understanding of the Company's projects, operations and objectives during their tenure; the experience, corporate memory and perspective of such directors; the annual review processes performed by the Board and its committees; the professional experience, areas of expertise and personal character of members of the Board; and the current needs and objectives of the Company.

Policies Regarding the Representation of Women on the Board

The Company adopted a Diversity Policy during 2016 which sets forth the Company's commitment and approach to achieving and maintaining diversity on its Board and in Executive Officer or Senior Management positions. In this Policy, diversity refers to all the characteristics that make individuals different from each other. It includes, but is not limited to, characteristics such as gender, geographical representation, education, skills and experience, ethnicity, age and personal circumstances.

The Corporation believes that the nomination of Directors and Senior Management appointment decisions should be based on merit and remains committed to selecting the most highly qualified individuals to fulfill these roles. At the same time, the Corporation recognizes that diversity is an important consideration in determining the composition of the Board and its Executive Officer or Senior Management team and that having a diverse pool of Directors and those in Executive Officer and Senior Management positions is key to achieving effective decision-making, strong business performance, continuous innovation and good governance.

The Corporation believes that it benefits from the diversity of viewpoints, backgrounds, skills, and experience and specifically recognizes that gender diversity is a significant component of diversity. The Corporation acknowledges the important role that women with appropriate and relevant skills and experience play in contributing to the Corporation's management and effectiveness.

On an annual basis, the Corporate Governance and Nominating Committee:

- monitors the implementation of the Diversity Policy;
- assesses the effectiveness of the nomination and appointment processes at achieving the Corporation's diversity objectives outlined in the Diversity Policy;
- reviews best practices with respect to diversity on boards, Executive Officer and Senior Management positions; and
- reviews the Diversity, including an assessment of its effectiveness, and recommend any changes thereto to the Board.

The Corporate Governance and Nominating Committee has had considerable discussion regarding gender diversity and the benefits thereof and the Company is committed to gender diversity on the Board, as well as at the senior levels of management. The Board ensures, in the process of ongoing Board renewal and the continuing search for a diverse mix of talent and competency, that, where possible, new appointments will advance the Company's commitment to diversity in a timely fashion.

Consideration of the Representation of Women in the Director and Executive Officer Identification and Selection Process

Board and Executive Officer Appointments

The Board, with the assistance of the Corporate Governance and Nominating Committee or any other person who identifies or nominates Board members or Executive Officers for appointment, will, in the process of identifying and considering candidates for appointment/election to the Board or to Executive Officer positions:

- review the Board skills & competencies assessments, developed and maintained to identify the skills and competencies required for the Board and to monitor how those requirements are currently satisfied, along with potential areas for growth and improvement;
- review the current list of potential candidates, developed and maintained to the extent feasible to address the diversity objectives of this Policy;
- consider candidates who are highly qualified based on their experience, professional expertise, personal skills, qualities and values;
- consider diversity criteria defined in this Policy and specifically the level of representation of women on the Board, in Executive Officer and Senior Management positions, in order to promote gender diversity;
- take into account that qualified candidates for Directors may be found in a broad range of organizations, including privately held businesses, profit and not-for profit associations, academic institutions and other entities in addition to the traditional candidate pool of corporate directors; and

- engage, where appropriate, qualified independent executive search firms to conduct searches for candidates, to help achieve the Company's diversity objectives in relation to the Board and Executive Officer positions.

Senior Management Appointments

The Chief Executive Officer of Midas Gold, with the assistance of the Chief Executive Officer of Midas Gold Idaho Inc. ("MGII"), will, when identifying and considering the selection of candidates for appointment/promotion to Senior Management positions:

- consider candidates who are highly qualified based on their experience, professional expertise, personal skills, qualities and values;
- consider diversity criteria defined in this Policy and specifically the level of representation of women in Senior Management positions, in order to promote gender diversity;
- take into account that qualified candidates may be found in a broad range of organizations, including privately held businesses, profit and not-for profit associations, academic institutions and other entities in addition to the traditional candidate pool of corporate senior managers;
- engage, where appropriate, qualified independent executive search firms to conduct searches for candidates, to help achieve the Company's diversity objectives in relation to Senior Management positions.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Company has not, at this time, established fixed targets in relation to any specific diversity characteristics, however; it aspires towards meaningful progress being achieved in future with respect to the number of women on the Board and in Executive Officer or Senior Management positions.

The Company believes that adopting such targets may unduly restrict its ability to nominate, select, hire or promote the best candidate for the position in question, however, the Company remains committed to an inclusive and diverse Board and workplace. The Company intends to continue to include gender and other diversity measures as among the factors that are considered when nominating directors and hiring executive officers.

Number of Women on the Board and in Executive Officer Positions

Of the Company's current Board of eight directors, there is one female director (12.5%). Of the seven directors on the MGII Board, four are female (57.1%).

Of the Company's named executive officers, there are currently no females. However, Laurel Sayer was appointed President & CEO of the Company's wholly-owned operating subsidiary, MGII, in September 2016. In addition, the Company's Manager, Investor Relations and Corporate Secretary (Liz Monger), the Corporate Secretary of MGII (Tanya Nelson) and MGII's VP External Affairs (Mckinsey Lyon), are women.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Company has purchased, at its expense, directors' and officers' liability insurance policies to provide insurance against possible liabilities incurred by them in their capacity as Directors and officers of the Company.

The policies provide coverage of up to \$30 million in aggregate per policy year. Claims under the policies are subject to a deductible of \$50,000 per securities claim and \$50,000 for all other occurrences. The premiums for these policies for the year ended December 31, 2019, totaled \$63,425.

AUDIT COMMITTEE INFORMATION

Information regarding the Company's Audit Committee, together with a copy of the Audit Committee's mandate, is contained in *Audit Committee Information* section of the Company's most recently filed Annual Information Form dated March 18, 2020 filed under the Company's profile on SEDAR at www.sedar.com. The Company has also included the Audit Committee's mandate as Appendix II herein for ease of reference.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Approval of the Company's Evergreen Stock Option Plan

As noted under the heading "Stock Option Plan" under the Compensation Discussion and Analysis section of this Information Circular, the Company's Stock Option Plan was adopted by the Board of Directors on July 6, 2011, prior to the completion of the Company's initial public offering on the TSX which completed on July 14, 2011. The Stock Option Plan was approved for renewal by shareholders at the Company's May 2014 and 2017 Annual General Meetings.

The Stock Option Plan does not have a fixed maximum number of securities issuable upon the exercise of options, but rather provides that the maximum number of Common Shares which may be made subject to 42 options at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis. The Stock Option Plan is considered an "evergreen" plan, since the Common Shares covered by options which have been exercised shall be available for subsequent grants under the Stock Option Plan, and the number of options available to grant increases as the number of issued and outstanding Common Shares of the Company increases.

A description of the material terms of the Stock Option Plan is provided above under the heading "Description of the Stock Option Plan", and a full copy of the Stock Option Plan is attached as Schedule "A" of this Information Circular. A copy of the Stock Option Plan will also be available for viewing at the Meeting and a copy of the Stock Option Plan will be mailed free of charge to any shareholder who requests a copy from the Company. As of the date of this Information Circular, based upon the number of Common Shares issued and outstanding (271,541,996 Common Shares) and the number of currently outstanding options (22,553,500 options, which represents 8.3% of the Common Shares), the Company could grant options under the Stock Option Plan to purchase up to an additional 4,600,700 Common Shares, bringing the total to 10% of the issued and outstanding Common Shares.

Under the policies of the TSX, the unallocated options under the Stock Option Plan must be approved and ratified by the Company's shareholders every three years. Such resolution must also include the date by which the Company must subsequently seek securityholder approval, such date being no later than three years from the date the resolution was approved. Accordingly, the Company is seeking approval of the unallocated options under the Stock Option Plan.

Accordingly, at the Meeting, shareholders will be asked to consider, and if thought fit, approve with or without variation, an ordinary resolution (the "Stock Option Plan Resolution") in substantially the following form:

"UPON MOTION IT WAS RESOLVED that:

1. the Company's 2011 Evergreen Incentive Stock Option Plan is hereby approved;
2. all unallocated options under the 2011 Evergreen Incentive Stock Option Plan be and are hereby approved;
3. the Company has the ability to continue granting options under the 2011 Evergreen Incentive Stock Option Plan until May 1, 2023, which is the date that is three (3) years from the date of the shareholder meeting at which shareholder approval is being sought in relation to the approval of the 2011 Evergreen Incentive Stock Option Plan; and,
4. any one director or officer of the Company is hereby authorized and directed to carry out any act for and on behalf of the Company and to execute and deliver such deeds, documents and other

instruments in writing as he in his discretion may consider necessary for the purpose of giving effect to these resolutions and to do all such other acts and things as such director or officer may determine to be necessary or advisable to give effect to the intent of these resolutions."

In order to be effective, the Stock Option Plan Resolution must be approved by an ordinary resolution of shareholders entitled to vote and voting on the resolution at the Meeting. If the Stock Option Plan is not approved at the Meeting, the Company will not be able to grant further options under the Stock Option Plan, and all previously granted options will not be available for re-allocation if such options are cancelled prior to exercise, until shareholder approval is obtained. All previously allocated options under the Stock Option Plan will continue unaffected.

Management of the Company believes the approval of the Stock Option Plan as described above is in the best interests of the Company and recommends that shareholders vote in favour of the Stock Option Plan Resolution.

Unless such authority is withheld, the persons named in the enclosed proxy intend to vote FOR the approval of the Stock Option Plan.

OTHER MATTERS

Management of the Company is not aware of any matter to come before the Meeting other than as noted immediately above or otherwise set forth in the Notice of Meeting. If any other matter properly comes before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote the Common Shares represented thereby in accordance with their best judgment on such matter.

- (iv) act in accordance with its obligations contained in the Act and the regulations thereto, the Corporation's Articles, securities legislation of each province and territory of Canada, and other relevant legislation and regulations.

2. Independence

The Board has the responsibility to put in place appropriate structures and procedures to permit the Board to function independently of management. The Board shall have a majority of independent directors as well as an independent Chair or an independent Lead Director, as the term "independent" is defined within the meaning of all applicable Canadian securities laws and the rules of each stock exchange on which the Corporation's securities are listed (collectively, the "Applicable Regulations"), except if and to the extent that the Applicable Regulations permit otherwise. In addition, each member of the Board and each member of each committee of the Board shall meet such other qualification requirements as may be set forth in the Applicable Regulations.

The Board shall annually make an affirmative determination as to the independence of each member of the Board under the Applicable Regulations.

Also, the Board will include an "in camera" session for the independent directors at each Board meeting, and the independent directors shall also meet as often as necessary in order to fulfill their responsibilities.

3. Strategy Determination

The Board has the responsibility to put in place long-term goals and a strategic planning process for the Corporation and to participate with management directly or through its committees in developing and approving the mission of the business of the Corporation and the strategic plan by which it proposes to achieve its goals, which strategic plan takes into account, among other things, the opportunities and risks of the Corporation's business.

4. Managing Risk

The Board may also establish other standing committees from time to time.

Each committee shall have a written mandate that clearly establishes its purpose, responsibilities, members, structure and functions. Each mandate shall be reviewed by both the committee itself and the Board regularly. The Board is responsible for appointing committee members.

6. Appointment, Training and Monitoring Senior Management

ARTICLE FOUR

NUMBER OF COMMON SHARES SUBJECT TO THE PLAN, EXERCISE PRICE AND TERM OF OPTIONS

Section 4.01 Number of Shares: The maximum number of Common Shares which may be made subject to Options at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis, subject to adjustment in accordance with Article Six of the Plan. In addition, the maximum number of Common Shares which, together with Common Shares subject to all other security-based compensation arrangements of the Company (within the meaning of the policy on security based compensation arrangements of the TSX) with such Participant or Participants, as the case may be, may be:

- (a) reserved for issue to Participants who are TSX Insiders shall not exceed 10% of the number of Common Shares then outstanding;
- (b) issued to Participants who are TSX Insiders within a one-year period shall not exceed 10% of the number of Common Shares then outstanding;
- (c) issued to any one Participant who is a TSX Insider and the associates of such Participant within a one-year period shall not exceed 5% of the number of Common Shares then outstanding; and
- (d) reserved for issue to any one Participant shall not exceed 5% of the number of Common Shares then outstanding.

For purposes of this section 4.01 (a) through (d), the number of Common Shares then outstanding shall mean the number of Common Shares outstanding on a non-diluted basis immediately prior to the proposed grant of the applicable Option, excluding Common Shares issued pursuant to share compensation arrangements over the preceding one-year period. If Options are exercised, or are surrendered, terminate or expire without being exercised in whole or in part, the Common Shares which were the subject of such Options may again be made subject to an Option.

Section 4.02 Exercise Price: The price per share at which any Common Share which is the subject of an Option may be purchased shall be determined by the Directors at the time the Option is granted, provided that such price shall be not less than the Market Price as of the date of the grant of such Option.

Section 4.03 Term of Options: The Option Period for each Option shall be such period of time as shall be determined by the Committee, subject to any Employment Contract, provided that no Option Period shall exceed a Fixed Term of 10 years, subject only to the Fixed Term expiration date falling within, or immediately after, a blackout period which was self imposed by the Company in which case a Blackout Expiration Term shall apply.

Section 4.04 Blackout Expiration Term: The Blackout Expiration Term will be a fixed period of time of ten (10) business days after lifting the blackout period and will not be subject to the discretion of the Directors. Should the Fixed Term of the Option Period expire immediately after a blackout period self imposed by the Company, the Blackout Expiration Term will be reduced by the number of days between the Fixed Term expiration date and the end of the blackout period. For purposes of this section 4.04:

- (a) the Blackout Expiration Term will only be available when there is a blackout period self imposed by the Company; and
- (b) the Blackout Expiration Term is available, under the same terms and conditions, to all Participants under the Plan.

Section 4.05 Percentage of Common Shares to be Purchased: The Committee may determine the number or percentage of Common Shares which may be purchased by an Optionee during any particular time period within the Option Period, provided, however, the number of shares subject to an Option shall be fixed as of the date of the grant of such Option.

ARTICLE FIVE
EXERCISE OF OPTION, EFFECT OF DEATH AND
TERMINATION OF EMPLOYMENT AND WITHHOLDING TAXES

Section 5.01 Exercise of Option:

- (a) Exercise: Subject to any restriction on the number or percentage of Common Shares which may be purchased by the Optionee during any particular time period within the Option Period determined by the Committee, an Option that is eligible for exercise may be exercised by the Optionee in whole at any time, or in part from time to time, during the Option Period by delivery to the Company, or its duly appointed agent (if any), of a notice of exercise addressed to the Company, provided however that, except as otherwise specifically provided in section 5.02 or section 5.03 hereof or in any Employment Contract, no Option may be exercised unless the Optionee at the time of exercise thereof is:
- (i) in the case of an Eligible Employee, in the employment of the Company or a subsidiary of the Company and has been continuously so employed since the date of grant of such option, provided however that a leave of absence with the approval of the Company or such subsidiary of the Company shall not be considered an interruption of employment for purposes of the Plan;
 - (ii) in the case of an Eligible Insider who is not also an Eligible Employee, a director of the Company or a subsidiary of the Company and has been such a director continuously since the date of grant of such Option; and
 - (iii) in the case of a Service Provider, engaged in providing services for the Company or an entity controlled by the Company and has been so engaged since the date of grant of such Option.
- (b) Payment of Exercise Price: The exercise of any Option shall be contingent upon receipt by the Company of payment of the aggregate purchase price for the Common Shares in respect of which the Option has been exercised. No Optionee, or legal representative, legatee or distributee of any Optionee, will be, or will be deemed to be, a holder of any Common Shares with respect to which such Optionee was granted an Option, unless and until such Common Shares are issued to such Optionee, or person, under the terms of the Plan. Subject to section 9.04 hereof, upon an Optionee exercising an Option and paying the Company the aggregate purchase price for the Common Shares in respect of which the Option has been exercised, the Company shall as soon as practicable issue and deliver the Common Shares so purchased.
- (c) Cashless Exercise: An Option that is eligible for exercise may be exercised in exchange for cash by the delivery to the Company, or its duly appointed agent (if any), of the prescribed form of notice of cashless exercise addressed to the Company specifying the number of Options to be exercised for cash. An Optionee who elects the cashless exercise of Options is deemed to have assigned to Haywood Securities Inc., or such other broker as the Company may appoint to facilitate the cashless exercise of Options, (the "Broker") such Optionee's right to receive Common Shares and is deemed to release the Company from any further obligation to issue Common Shares to such Optionee in respect of such Options exercised in exchange for cash. When an Optionee elects the cashless exercise of Options by providing the prescribed form of notice of cashless exercise, the Company shall issue directly to the Broker the number of Common Shares in respect of such Options exercised for cash and the Broker shall, at the election of the Optionee: (i) sell at market, and retain the proceeds of, a sufficient number of Common Shares to cover the aggregate purchase price of the Common Shares and any withholding tax or other withholding liabilities in respect of which the Option has been exercised, with any cash balance to be delivered to the Optionee and any remaining Common Shares held by the Broker in trust for, or delivered as directed by, the Optionee; or (ii) sell at market all of the Common Shares in respect of which the Option has been exercised and deliver

to the Optionee the cash balance remaining after deducting the aggregate purchase price of such Common Shares and any withholding tax or other withholding liabilities.

- (d) Stock Appreciation Rights: An Optionee may, rather than exercise any Option to which the Optionee is then entitled to exercise pursuant to the Plan, elect, by the delivery to the Company, or its duly appointed agent (if any), of the prescribed form, to terminate such Option, in whole or in part, and, in lieu of purchasing the Common Shares to which the Option, or part thereof, so terminated relates, elect to exercise the right (the "Stock Appreciation Rights") to receive at no additional cost that number of Common Shares, disregarding fractions, which, when multiplied by the Market Price determined as of the day immediately preceding the date of termination of such Option, or part thereof, has a value equal to the product of (i) the number of Common Shares to which the Option, or part thereof, so terminated relates, multiplied by (ii) the difference between the Market Price of the Common Shares determined as of the day immediately preceding the date of termination of such Option, or part thereof, and the exercise price per Common Share to which the Option, or part thereof, so terminated relates, less any amount (which amount may be withheld in Common Shares) required to be withheld on account of income taxes, which withheld income taxes will be remitted by the Company.

Section 5.02 Effect of Death: If a Participant shall die while an Optionee, any Option held by such Optionee at the date of death shall be exercisable in whole or in part only by the person or persons to whom the rights of the Optionee under the Option shall pass by the will of the Optionee or the laws of descent and distribution for a period of one year after the date of death of the Optionee or prior to the expiration of the Option Period in respect of the Option, whichever is sooner, and then only to the extent that such Optionee was entitled to exercise the Option at the date of death of such Optionee, subject to the provisions of any Employment Contract.

Section 5.03 Effect of Termination of Employment: If an Optionee shall cease to be a Participant for cause, no Option held by such Optionee shall be exercisable following the date on which such Optionee ceases to be a Participant. If an Optionee ceases to be a Participant for any reason other than for cause or by virtue of death, any Option held by such Optionee at such time shall remain exercisable in full at any time, and in part from time to time, for a period of 30 days after the date on which the Optionee ceases to be a Participant or prior to the expiration of the Option Period in respect of the Option, whichever is sooner, and then only to the extent that such Optionee was entitled to exercise the Option at such time, subject to the provisions of any Employment Contract.

Section 5.04 Withholding Taxes: The exercise (or termination pursuant to s. 5.01(d), if applicable) of each Option granted under the Plan is subject to the condition that if at any time the Company determines, in its sole discretion, that the satisfaction of withholding tax or other withholding liabilities is necessary or desirable in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Company. In such circumstances, the Company may in its sole discretion:

- (a) require the Optionee to pay to the Company, in addition to and in the same manner as the exercise price for the Common Shares subject to the Option, such amount as the Company is obliged to remit to the relevant taxing authority in respect of the exercise of the Option;
- (b) retain any Common Shares that are to be issued upon exercise of any Option and sell such Common Shares so as to enable the Company to realize cash proceeds in an amount equal to the aggregate remittance obligation of the Company in connection with the exercise of the Option and the execution of the stock option agreement referred to in Section 3.02 shall be the complete and irrevocable authority provided by the Optionee to the Company to do so without any liability for the price at which such Common Shares are sold;
- (c) retain any amount payable, which would otherwise be issued or delivered, provided or paid to an Optionee by the Company, whether or not such amounts are payable under the Plan; or

- (d) make other arrangements reasonably acceptable to the Company to satisfy the aggregate remittance obligation of the Company in connection with the exercise of the Option.

Section 5.05 Calculation of Withholding Taxes: Upon a notice of option exercise being received by the Company from the Optionee, the Company will:

- (a) calculate the amount required to be withheld and remitted to the applicable taxing authorities by the Company in respect of the exercise of an Option by an Optionee (the "**Withheld Amounts**");
- (b) advise the Optionee in writing of the amount of the Withheld Amounts;
- (c) remit to the applicable taxing authorities the Withheld Amounts; and
- (d) where the Optionee is subject to annual reporting to applicable taxing authorities, include in annual reporting forms and deliver to the Optionee the amount of the benefit received by the Optionee as a result of the exercise of the Option, the amount of any deduction available to the Optionee and the amount of the Withheld Amounts remitted to the applicable taxing authorities in respect of the exercise of the Option.

Section 5.06 Spin-Out Transactions: If, pursuant to the operation of Section 6.02, an Optionee receives options (the "**New Options**") to purchase securities of another company (the "**New Company**") in respect of the Optionee's Options (the "**Subject Options**"), the New Options shall expire on the earlier of: (i) the Fixed Term expiration date of the Subject Options; (ii) if the Optionee does not become an Eligible Employee or Eligible Insider in respect of the New Company, the date that the Subject Options expire pursuant to the provisions of the Plan; (iii) if the Optionee becomes an Eligible Employee or Eligible Insider in respect of the New Company, the date that the New Options expire pursuant to the corresponding terms of the New Company's stock option plan and (iv) the date that is two (2) years after the Optionee ceases to be an Eligible Employee or Eligible Insider in respect of the New Company, or such shorter period as determined by the Committee.

ARTICLE SIX

CAPITAL CHANGES

Section 6.01 Capital Changes: In the event there is any change in the Common Shares, whether by reason of a stock dividend, consolidation, subdivision, reclassification or otherwise, an appropriate adjustment shall be made by the Directors in:

- (a) the number of Common Shares available under the Plan;
- (b) the number of Common Shares subject to Options; and
- (c) the exercise price of the Common Shares subject to Options.

If the foregoing adjustment shall result in a fractional Common Share, the fraction shall be disregarded. All such adjustments shall be conclusive, final and binding for all purposes of the Plan.

Section 6.02 Amalgamation, Consolidation or Merger: If the Company: (a) amalgamates with, consolidates with or merges with or into another corporation resulting in a reclassification or change of the outstanding Common Shares into other shares or securities, or (b) participates in a statutory arrangement or other transaction, including a transaction under which, among other things, the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company, or securities of another company, or both, or (c) participates in a transaction whereby all or substantially all of the Company's undertaking and assets become the property of another corporation; the Optionee shall be entitled to receive, and shall accept, in lieu of the number of Common Shares receivable upon exercise of an Option and for the

same exercise price, the kind and amount of shares and other securities, property or cash which such holder would have been entitled to receive as a result of such amalgamation, consolidation, merger or arrangement, on the effective date thereof, had the Optionee been the registered holder of the number of Common Shares to which the Optionee was entitled to purchase upon exercise of such Options, provided no such transaction shall extend in any way the Fixed Term..

Section 6.03 Restriction. Notwithstanding the provisions of Sections 6.01 and 6.02 to the contrary, any substitution for or alteration of the number or identity of Common Shares to be received by an Optionee as a consequence of a Capital Change (as described in Section 6.01) or a transaction (as described in Section 6.02), the ratio of the exercise price to the fair market value of the substitute or altered shares subject to the Option immediately after the substitution or alteration shall not be greater than the ratio of the exercise price to the fair market value of the Common Shares subject to the Option immediately before the substitution or alteration.

ARTICLE SEVEN

TAKE-OVER BIDS AND CHANGES OF CONTROL

7.01 Effect of a Take-Over Bid: If a bona fide offer (an "**Offer**") for Common Shares is made to the Optionee or to shareholders of the Company generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Company, within the meaning of subsection 1(1) of the Securities Act, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon all Common Shares subject to such Option will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Common Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Common Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Common Shares received upon such exercise, or in the case of clause (b) above, the Common Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Common Shares and with respect to such returned Common Shares, the option shall be reinstated as if it had not been exercised and the terms upon which such Common Shares were to become Vested pursuant to this section shall be reinstated. If any Common Shares are returned to the Company under this section 7.01, the Company shall immediately refund the exercise price to the Optionee for such Common Shares.

7.02 Acceleration of Expiry Date: If, at any time when an Option granted under the Plan remains unexercised, an Offer is made by an offeror, the Directors may, upon notifying each Optionee of full particulars of the Offer, declare all Common Shares issuable upon the exercise of Options granted under the Plan, Vested, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Common Shares must be tendered pursuant to the Offer, provided such Offer is completed.

7.03 Compulsory Acquisition or Going Private Transaction: If and whenever, following a take-over bid or an issuer bid, there shall be a compulsory acquisition of the Company's Common Shares pursuant to Division 6 of the *Business Corporations Act* (British Columbia) or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal take-over bid may be voted under the conditions described in section 8.2 of Multilateral Instrument 61-101, *Protection of Minority Security Holders in Special Transactions*, then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Common Shares to which such Optionee was theretofore entitled to purchase, the aggregate amount of cash, shares, or other

securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Common Shares to the bid.

7.04 Effect of a Change of Control: If a Change of Control occurs, all Common Shares subject to each outstanding Option will become Vested, whereupon such Option may be exercised in whole or in part by the Optionee.

7.05 Exercise After Change of Control: If an Optionee elects to exercise its Options following a Change of Control, the Optionee shall be entitled to receive, and shall accept, in lieu of the number of Common Shares which such Optionee was entitled upon such exercise and for the same exercise price, the kind and amount of shares and other securities, property or cash which such holder would have been entitled to receive as a result of such Change of Control, on the effective date thereof, had the Optionee been the registered holder of the number of Common Shares to which the Optionee was entitled to purchase upon exercise of such Options.

ARTICLE EIGHT

EFFECTIVE DATE OF PLAN, AMENDMENT OF PLAN AND TERMINATION OF PLAN

Section 8.01 Effective Date of Plan: The Plan shall become effective upon the later of the date determined by the Directors and the date of approval of the shareholders of the Company given by the affirmative vote of a majority of the Common Shares represented at the meeting of the shareholders of the Company at which a motion to approve the Plan is presented.

Section 8.02 Amendment of Plan:

- (1) The Directors may from time to time in the absolute discretion of the Directors amend, modify and change the provisions of an Option or the Plan without obtaining approval of shareholders to:
 - (a) make amendments of a clerical nature;
 - (b) change vesting provisions of an Option or the Plan;
 - (c) change the termination provisions of an Option or the Plan which does not entail an extension beyond the original expiry date of the Option or the Plan;
 - (d) implement a cashless exercise feature, payable in cash or securities, provided that such feature provides for a full deduction of the number of shares from the number of shares reserved under the Plan;
 - (e) make any other amendments of a non-material nature which are approved by the TSX; and
 - (f) make amendments deemed by the Board to be necessary or advisable because of any change in applicable securities laws or other laws.
- (2) For greater certainty, subject to Section 6.01 and Section 8.02(3), the Directors shall not be permitted to amend the exercise price of any Option issued under the Plan where such amendment reduces the exercise price of such Option (for this purpose, a cancellation or termination of an Option of a Participant prior to its expiry for the purpose of re-issuing Options to the same Participant with a lower exercise price shall be treated as an amendment to reduce the exercise price of an Option).
- (3) All amendments, modifications or changes not specified in Section 8.02(1) shall only be effective upon such amendment, modification or change being approved by the shareholders of the Company.

- (4) Any amendment, modification or change of any provision of the Plan shall be subject to approval, if required, by any regulatory body having jurisdiction.

Section 8.03 Termination of the Plan: The Plan may be terminated at any time by the Directors. Notwithstanding the termination of the Plan, any Option outstanding under the Plan at the time of termination shall remain in effect until such Option has been exercised, has expired, has been surrendered to the Company or has been terminated.

ARTICLE NINE

MISCELLANEOUS PROVISIONS

Section 9.01 Non-Assignable: No rights under the Plan and no Option awarded pursuant to the provisions of the Plan are assignable or transferable by any Participant other than pursuant to a will or by the laws of descent and distribution.

Section 9.02 Rights as a Shareholder: No Optionee shall have any rights as a shareholder of the Company with respect to any Common Shares which are the subject of an Option. No Optionee shall be entitled to receive, and no adjustment shall be made for, any dividends, distributions or other rights declared for shareholders of the Company for which the record date is prior to the date of exercise of any Option.

Section 9.03 No Contract of Employment: Nothing contained in the Plan shall confer or be deemed to confer upon any Participant the right to continue in the employment of the Company or any subsidiary of the Company nor interfere or be deemed to interfere in any way with any right of the Company or any subsidiary of the Company to discharge any Participant at any time for any reason whatsoever, with or without cause.

Section 9.04 Necessary Approvals / Compliance with Laws: The obligation of the Company to grant any Option pursuant to the Plan and to issue, sell and deliver any Common Shares on the exercise of an Option is subject to the approval of any governmental authority or regulatory body required in connection with the grant of such Option or the issue, sale and delivery of such Common Shares by the Company. Any Options granted prior to the Company's receipt of such required approvals shall be conditional upon such approval being given and no Options may be exercised unless such approval has been being given.

In the event that any Common Shares cannot be issued to any Optionee pursuant to the exercise of an Option for any reason whatsoever including, without limiting the generality of the foregoing, the failure to obtain any required approval, then the obligation of the Company to issue such Common Shares shall terminate and any money paid to the Company in connection with the exercise of such Option shall be returned to the Optionee without interest or deduction.

Section 9.05 No Representation or Warranty: The Company makes no representation or warranty as to the value of any Option granted pursuant to the Plan or as the future value of any Common Shares issued pursuant to the exercise of any Option.

Section 9.06 Compliance with Applicable Law: If any provision of the Plan or any Option contravenes any law or any order, policy, by-law or regulation of any regulatory body having jurisdiction, then such provision shall be deemed to be amended to the extent necessary to bring such provision into compliance therewith.

Section 9.07 Applicable Law: The Plan and all of the rights and obligations arising herefrom shall be interpreted and applied in accordance with the laws of the Province of British Columbia.
